

IT'S NOT JUST A SYMBOL... IT'S THE LAW.

What the Law Says

As a motorcoach operator you are required to comply with U.S. Copyright Laws. The law states that regardless of whether a motorcoach company, the chartering group or the passengers provide and show a movie, the motorcoach company must license the movie.

Showing a movie without a license can subject a coach operator to civil penalties ranging from \$750 to \$30,000 per movie, or as high as \$150,000 per movie if the unlicensed showing was committed willfully.
